TOWN OF MOULTONBORO

TO THE SCHOOL BOARD AND CITIZENS OF MOULTONBORO

I am enclosing, as usual, the attendance record of the pupils in the Moultonboro Schools. Like all good things a stress upon perfect attendance may be carried so far as to work actual harm. The health of the school children is of primary importance and, of course, we do not wish parents to permit their children to attend school when it might injure them or be a source of danger to the other children. We have excellent attendance as a whole, and appreciate the co-operation of the parents, there are only a few cases where the families are chronically careless.

It seems to me that there has been a marked improvement in the general attitude of the citizens of Moultonboro toward the public schools. Nearly all of the graduates from the eighth grade for the last few years have attended high school. There is general interest in and attendance at all exercises held in the various school houses. It is a delight to see the liberal help and hearty cooperation of the parents and neighbors with the schools in the different sections. The equipment, textbooks, and supplies are the best that we have ever had.

The special problem, at present, is at the Green Corner School. The school is very near the road and at a dangerous corner, there are no grounds belonging to the town that could be fenced in. The whole situation is far from satisfactory.

Respectfully Submitted,

ERNEST W. SMALL,

Supt. of Schools.
